

TOWN OF ACTON
Building Department
INTERDEPARTMENTAL COMMUNICATION

To: Board of Selectmen **Date:** April 15, 2004
From: Garry A. Rhodes, Building Commissioner 
Subject: Board of Appeals application fees

I am requesting the Board of Selectmen consider increasing the fee's charged by the Board of Appeals for Comprehensive Permits. The Board of Appeals currently charges a flat fee of \$200. Based on the time spent on a recent hearing the cost to the town has been substantial. I would recommend the following;

The application fee for a PERMIT is calculated as follows: \$200.00 base fee, plus an additional \$100.00 for each dwelling unit proposed in the Application, plus an additional \$3,000 for each structure or portion of a structure proposed in the Application to be used for commercial or other non-residential uses or accessory uses on the SITE.
